

# ACT : Minutes of Meeting

Guide : Prof Sujit  
Students : Saurabh, Sanjeev

**22 Jan'16**

## Items and issues discussed :

- The work done on the statechart for the **“book request system”** was presented.
- **“What constitutes a state”** : what can be called a state and sub-state
- history in a statechart
- hierarchical statecharts
- way forward in differentiating the elements which can be clicked to give input to the system like link, tab, button etc.

## Action Items :

- Partial statechart presented was deemed correct and we were advised to take the work forward.
- Suggested paper for reading : David Harrel's paper on statechart
- Suggested topics : Lex and Yacc tools.
- Read about ways to parse xml with logical expressions
